These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with U.S. generally accepted auditing standards. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. GOLDIE'S PLACE

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF ACTIVITIES AND ORGANIZATION

Now in its sixteenth year of operation, Goldie's Place (Organization) is a nonprofit organization established to provide services to people who are homeless in the city of Chicago. The Mission is and the related programs of the Organization are designed to assist adults who are homeless to become self-supporting and financially independent by providing confidence building dental treatment, career development, job placement and retention support, based on a belief in human potential. Goldie's Place provides a broad range of employability and employment services including job readiness workshops, presentation and skills development, and connections to vocational and educational training opportunities. Supportive services provided at Goldie's Place include an extensive clothing closet service for interview and job-appropriate attire, and on-going case management. In addition, the Organization provides no-charge dental care through a staff of volunteer dentists and its partnership with the University of Illinois, Chicago College of Dentistry that has created the first ever off campus student run clinic at the Organization's location. In addition, the Organization is in the fourth year of its affiliation with Kennedy King College to host their Hygiene students on community clinic rotations. Goldie's Place is the only agency in Chicago providing this unique combination of services in a single location.

In the year ended June 30, 2012, Goldie's Place worked with over 1,000 people who are experiencing homelessness, some for the first time and others (the majority) who are chronically homeless. This was the fifth year of rent-free 5,100 square feet of space under the Organization's "angel donor" agreement that extends to 2027. The Organization helped people improve their job readiness and employability through coaching, resume preparation, and applied job search skills through employability workshops and one-on-one counseling. In the calendar years 2010 and 2011, an average of more than 100 individuals secured jobs, and the Organization anticipates a comparable number when calendar year 2012 results are finalized. Through the Clothes Closet service, the Organization provided interview outfits and daily wear to over 500 men and women for the second year running. The Organization provided essential dental treatment to 300 individuals through 921 patient visits (an increase of 23% over previous year) utilizing its staff of 16 volunteer dentists, students from the UIC College of Dentistry / Goldie's Place student-run clinic and senior students of the Kennedy King College Dental Hygiene program. Dental care provided in the 4-chair dental suite established in 2008 includes exams, root canals, simple and surgical extractions, full mouth radiographs, fillings, periodontal work, and prosthetics such as dentures, partials and flippers in limited numbers with the help of laboratory work donated by five participating local labs. The individuals placed in employment from the fiscal year 2011 program year generated over \$728,000 in wages over 18 months, and the estimated value of the dental care treatment provided was over \$212,000.

The Goldie's Place Vision is to help those served by "Renewing the Spirit."

GOLDIE'S PLACE

NOTES TO FINANCIAL STATEMENTS

1. NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

NATURE OF ACTIVITIES AND ORGANIZATION - Continued

BASIS OF PRESENTATION

Information regarding the financial position and activities of the Organization is reported in three classes of net assets, as applicable: unrestricted, temporarily restricted and permanently restricted. These classes of net assets are based on the existence or absence of externally (donor) imposed restrictions. Accordingly, net assets of the Organization and changes therein are classified and reported as follows:

- Unrestricted net assets – Unrestricted net assets are not subject to donor-imposed stipulations. They include most of the activities of the Organization, except for those amounts which are restricted by donors.
- Temporarily restricted net assets – Temporarily restricted net assets are subject to donor-imposed stipulations that can be removed through the passage of time (time restrictions) or actions of the Organization (purpose restrictions).
- Permanently restricted net assets -- Permanently restricted net assets are subject to the restrictions imposed by donors who require that the principal of these classes of net assets be invested in perpetuity and only the investment income be expended. The Organization currently does not have any permanently restricted net assets.

CONTRIBUTIONS

Contributions are recognized when the donor makes a promise to give to the Organization that is, in substance, unconditional. Promises to give which are payable to the organization over more than one year are recorded at gross value which is immaterially different from present value. Contributions of cash and other assets are recorded as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is fulfilled, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same time period in which the contribution is received, the Organization reports the support as unrestricted.

FUNCTIONAL ALLOCATION OF EXPENSES

The costs of providing various programs and other activities have been summarized on a functional basis on the statement of activities. Expenses which are easily and directly associated with program expenses or supporting service are allocated directly to that functional category. Certain costs are allocated to program and supporting services based on time devoted to the functional areas and other appropriate allocation methods.

PROPERTY AND EQUIPMENT

Property and equipment are recorded at historical cost. The Organization capitalization policy is to capitalize any items with a cost in excess of \$500 deemed to have a useful life greater than one year. Amortization and depreciation are computed by use of the straight-line method on substantially all fixed assets based on estimated useful lives as follows:

<u>Description</u>	<u>Years</u>
Furniture	7
Office equipment	5 - 10
Computers and software	5 - 10
Leasehold improvements	7 - 20

Maintenance and repairs, which neither materially add to the value of the property nor appreciably prolong its life, are charged to expense as incurred. Gains or losses on dispositions of property and equipment are included in the statement of activities.

SUPPLIES INVENTORY

Supplies inventory consists of dental supplies and is stated at cost.

USE OF ESTIMATES IN THE PREPARATION OF FINANCIAL STATEMENTS

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, gains and expenses during the reporting period. Actual results could differ from those estimates.

GRANTS FROM GOVERNMENTAL AGENCIES

Revenue from federal and state grants is recognized to the extent of eligible accrual-basis expenditures for each grant.

CONTRIBUTED SERVICES

A significant amount of donated services is contributed to the Organization by various individuals to support the Organization's program and supporting services. These services include dental, volunteers for the further development of the Back to Work Clothes Closet, curriculum development, legal, financial management, information technology, governance and fundraising services. The value of these services has not been included in the financial statements.
